**FROM THE STAFF AT  
HARBOUR VILLAGE  
MARINA & CHANDLERY**

We hope you enjoy your stay in Bonaire. We strive to provide complete and friendly service to our yachting community.

Starting with “time out” from the boat, the Marina and Lighthouse Restaurants offer fresh local specialties, great bar service, and dockside dining.

The main office itself is near the fuel and arrival dock, where we welcome you to come and collect your mail, send faxes or inquire about island activities.

The Chandlery, next to our office, stocks such merchandise as outboards, marine batteries, oils, filters, lights, paints, various hoses, ropes, electrical products and much more. Should you need to order items from the USA, we will provide the best deal we can and arrange for shipping via Federal Express or our weekly container from Miami. We also have a large selection of catalogues and an experienced staff to help with any questions you may have. We offer a fully operational workshop with qualified mechanics in outboard engines/diesel engines, air-conditioning/refrigeration technician and qualified electrician, fiberglass repairs, carpentry and welding work can also be arranged. Sailmaker and custom canvas work, watermaker and refrigeration repair, sales and services are also available.

Harbour Village Marina welcomes both long and short term stays and also offers caretaking service. We look forward to meeting you.
